Comprised of 65% Rayon and 35% Cotton, luxury radiates from this collection and is quite simply the perfect solution for customers wanting softness and style in their space.

Cotton fibre gives a soft, light feel underfoot and is a natural choice. Rayon is created from regenerated plant material that has the quality of pure silk and is anti-static. This material blend is comfortable and cool and a great choice for comfort in warm weather.

A 9mm flat cut loop pile completes this rug and adds the benefit of texture to balance the exquisite softness of Allure.
